### About TREVI GROUP:

Trevi Group is a worldwide leader in the field of soil engineering (special foundations, tunnel excavations, soil consolidation and the building and marketing of special rigs and equipment relevant to this engineering sector); the Group is also active in the drilling sector (oil, gas and water), both in the production of plant and the supply of services, and it also builds automated, underground car parks. The Group was established in 1957 and today has more than 30 branches in as many countries. Its success is due to the vertical integration of the main divisions making up the Group: Trevi, the division that supplies special services in the field of soil engineering and drilling; Soilmec, the division that produces and develops rigs and equipment for soil engineering; and Drillmec, the division that produces and develops drilling rigs (oil, gas and water). The parent company has been listed on the Milan Stock Exchange since July 1999. Total Revenues in 2006 amounted to € 642.4 million; EBITDA to € 85.6 million (13.3%); EBIT to € 58 million (9%); Net Profit to € 26.8 million.
