DRILLMEC WINS NEW ONSHORE OIL DRILLING RIGS CONTRACT WORTH ABOUT 85 MILLION USD

Cesena, 7 May 2014 – Drillmec S.p.A., a TREVI Group company, through its subsidiary Drillmec Inc., has been awarded the supply of two onshore drilling rigs of 3,000 HP each from Petroleos Mexicanos (**Pemex**), the Mexican State company operating in oil exploration and extraction.

The amount of the contract is approximately USD **85** million.

These newly developed rigs will be manufactured and tested in the USA at the Drillmec Inc. manufacturing plant in Houston, and later transferred and installed in Mexico. The rigs will mainly be utilized for the extraction of Shale Gas in Mexico in order to develop one of the most important recoverable reserves in the world.

The CEO of Drillmec, **Simone Trevisani** commented: *"The acquisition of this order is of strategic importance to the strengthening of the Group in the Oil & Gas sector. Pemex's recognition of Drillmec's quality and technology further strengthens the presence of our company in the Americas and enables us to grasp new future opportunities"*.

About TREVI GROUP:

Trevi Group is a worldwide leader in the field of soil engineering (special foundations, tunnel excavation, soil consolidation and the building and marketing of special rigs and equipment relevant to this engineering sector); the Group is also active in the drilling sector (oil, gas and water) both in the production of plant and the supply of services, and it also builds automated underground car parks. The Group was established in Cesena in 1957 and today has more than 30 branches and is present in over 80 countries.
