

BELARUS: A NEW ORDER FOR DRILLMEC S.P.A. AND A PARTNERSHIP AGREEMENT WITH A LEADING LOCAL COMPANY

Cesena, 15 February 2011

Drillmec S.p.A. has won a second, important order worth a total of Euro 10 million from JSC SEISMOTEKHNICA in Belarus. It is for the construction of a conventional 1500HP machine that will be employed on behalf of BELORUSNEFT.

This order follows that announced in the press release of 20 December 2010, which was from the same client and also for a conventional 1500HP machine.

Drillmec S.p.A. and JSC SEISMOTEKHNICA have also signed a framework agreement for the introduction of Drillmec's innovative technology to Belarus. Under the agreement, Drillmec S.p.A. will underwrite a share capital increase by JSC SEISMOTEKHNICA thereby giving Drillmec S.p.A. 19% of the share capital of the company for an investment totalling approximately Euro 1.5 million. JSC SEISMOTEKHNICA, a specialist manufacturer of seismic machinery and small size drill rigs, aims, together with Drillmec S.p.A. and the full support of the state-owned company, BELORUSNEFT, to develop the manufacture of 1500 e 2000 HP mechanical plants in the local market.

The Chairman and CEO of DRILLMEC S.p.A., Mr Claudio Cicognani, commented: *"The recent orders received by Drillmec S.p.A. in Belarus, together with the framework agreement for a partnership with JSC SEISMOTEKHNICA, which is reinforced by the entry of Drillmec S.p.A. in the share capital of JSC SEISMOTEKHNICA, offers the company further opportunities in Eastern European markets and interesting growth opportunities in the near future"*.

About TREVI GROUP:

Trevi Group is a worldwide leader in the field of soil engineering (special foundations, tunnel excavation, soil consolidation and the building and marketing of special rigs and equipment relevant to this engineering sector); the Group is also active in the drilling sector (oil, gas and water) both in the production of plant and the supply of services, and it also builds automated underground car parks. The Group was established in Cesena in 1957 and today has more than 30 branches and is present in over 80 countries. Its success is due to the vertical integration of the main divisions making up the Group: Trevi, the division that supplies special services in the field of soil engineering, Petreven, the oil drilling division of the Group, Soilmec, the division that produces and develops plant and machinery for soil engineering and Drillmec the division that produces and develops drilling rigs (oil, gas and water). The parent company TREVI – Finanziaria Industriale Spa has been listed on the Milan stock exchange since July 1999. Total Revenues in 2009 amounted to € 1,035.8 million; EBITDA was € 181.8 million (17.6%); EBIT was € 117.4 million (11.3%); Net profit was € 82.2 million.
