**About Trevi:**

*Trevi Group is a worldwide leader in the field of soil engineering (special foundations, tunnel excavation, soil consolidation and the building and marketing of special rigs and equipment relevant to this engineering sector); the Group is also active in the drilling sector (oil, gas and water) both in the production of plant and the supply of services, and it also builds automated underground car parks. The Group was established in Cesena in 1957 and has around 85 companies and, with dealers and distributors, is present in over 70 countries. Its success is due to the vertical integration of the main divisions making up the Group: Trevi, the division that supplies special services in the field of soil engineering and Soilmec, the division that produces and develops plant and machinery for soil engineering. The parent company (Trevi-Finanziaria Industriale S.p.A.) has been listed on the Milan stock exchange since July 1999.*
