**About Trevi Group:**

*The Trevi Group is a world leader in all-round subsoil engineering (special foundations, soil consolidation and recovery of polluted sites), in the design and marketing of specialized technologies in the sector and in the construction of automated underground multi-storey car parks. Born in Cesena in 1957, the Group has about 65 companies and, with dealers and distributors, is present in 90 countries. Among the reasons for the success of the Trevi Group are the internationalization, integration and continuous interchange between the two divisions: Trevi, which carries out special foundation and soil consolidation works for large infrastructure projects (subways, dams, ports and docks, bridges, railway and freeway lines, industrial and civil buildings) and Soilmec, which designs, manufactures and markets machinery, plants and services for the foundation engineering.*

*The parent company Trevi-Finanziaria Industriale S.p.A. has been listed on the Milan stock exchange since July 1999. Trevifin is listed on Euronext Milan that supersedes the old term MTA, as a result of the market rebranding activities that followed the acquisition of Borsa Italiana by Euronext N.V.*
