The balance of the Company's Net Financial Position is affected by the completion of the capital strengthening and debt restructuring operation, completed in January 2023 in execution of the 2022 financial manoeuvre, through (i) the collection of Euro 25 million as a cash capital increase and (ii) the conversion of bank debt by the participating institutions for Euro 32.7 million, together with the rescheduling of current unconverted bank debt to the end of 2026.

The main changes in **the Company** Net Financial Position as at end of December 2023, compared to end of June 2023, are due to:

- IFRS9 effect on financial debt for a negative impact of approximately Euro 3.2 million (Compared to the end of 2022 the impact of IFRS9 on financial debt is positive for Euro 8.4 million).

- The partial conversion of the financial credit towards the subsidiary Soilmec Spa for Euro 19 million as per reserve for future capital increase; this transaction has no effect on the **Trevi Group** Consolidated Net Financial Position.

The Net Financial Position of the financial statements of the Company at June 30<sup>th</sup>, 2023 and December 31<sup>st</sup>, 2023 includes the partial write-down of intercompany financial receivables; this effect does not generate any impact in the **Trevi Group** Consolidated Net Financial Position.

**Trevi Group** Net Financial Position at December 31<sup>st</sup>, 2023 amounts to Euro 200.8 million.
